## Department of Library and Information Science

The Department of Library and Information Science, Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur is one of the oldest Department of Library Science in the country. This department was started on 20 August 1956 and had a history of fifty years. Starting in the year 1956 with a diploma course in Library and Information Science it has come a long way upgrading the diploma to BLISc, starting MLISC of one year course (1984) and MLISC (Integrated two years course) as per UGC guide lines in the year 2003. The department also has to its credit Ph. D. program from 1987 onwards. Department has celebrated its Golden Jubilee year during 2006-07 to commemorate the 50 glorious years of its existence and its academic contribution to the discipline of Library and Information Science. The department was headed by stalwarts in the field who are renowned scholars and brought laurels to this department by their academic and administrative acumen to this university and upgraded standard of this department as one of the leading LIS educational institutes in the country. Department is Located on the first floor of RTMNU, Main library building, Ramdaspath, Nagpur. The department regularly updates its curriculum to keep pace with the emerging job-market and development.

## INFLIBNET Center

Information and Library Network (INFLIBNET) Center, Ahmedabad is an autonomous inter University Center of the UGC involved in creating infrastructure for sharing of library and information resources and services among Academic and Research Institutions. INFLIBNET works collaboratively with Indian university libraries to shape the future of the academic libraries in the evolving information environment.

## Introduction to the Workshop

DSpace : Many organizations, both academic and non-academic find it necessary to build their own digital repositories for the documents for which they have copy rights. A good number of articles published in the conferences, symposia, workshops etc. go unnoticed as they are not properly organized and hence not accessible. DSpace is the ideal software for different types of libraries and commercial organizations building open digital repositories. It is free and easy to install and completely customizable to fit the needs of any type of libraries or organizations and enables open sharing of content without geographical barriers.

DSpace preserves and enables easy and open access to all types of digital content including text, images, moving images, mpegs and data sets. Wider user communities and online support from different corners of the world makes it a popular software for building up digital repositories.

## Aims of the Workshop

This workshop is intended to equip participants with skills for developing their own digital Libraries/institutional repositories. There will be lectures as well as intensive hands-on training sessions by experts in the field. Thus it will provide both theoretical base and practical skill to the participants.

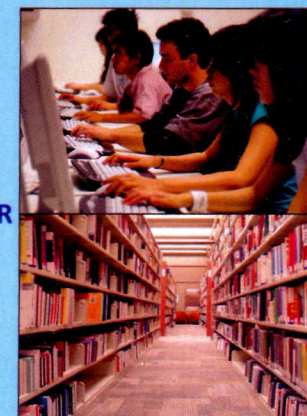

## Objectives of the workshop

- To provide background knowledge of the digital library and institutional repository and its related concepts
- Introduce the digital libraries projects done world wide
- General introduction to Linux and Digital Library software with detailed study on DSpace
- To provide hands-on experience in using DSpace software
- To make the participant able to start a Digital Library/Institution Repository using DSpace

## Areas Covered

The following areas will be covered in the workshop and hands on practical training will be given in these areas :

- Institutional Repositories and Digital Libraries
- NLIST, INFLIBNET, SOUL
- Open Source Software
- Linux : Basic Commands and Network Configuration
- Metadata and Metadata Standards for Interoperability in IR
- DSpace Installation & Configuration
- DSpace Administration & Customization
- DSpace Workflow & Submissions
- OAI-PMH and UNICODE
- Backup, Export and Import in DSpace
- Dspace : Case studies

## Resource Persons

Eminent trainers from academic institutions as well as from industry will be handling various sessions.

- Mr. Manoj Kumar K (Scientist D (CS), UGC-INFLIBNET, Ahmedabad)
- Mr. Swapnil Patel (Scientist B (CS), UGC-INFLIBNET, Ahmedabad)
- Mr. Imran Mansuri( Project officer, UGC-INFLIBNET, Ahmedabad)
- Dr. H. S. Waydande (Deputy Librarian, IIT, Bombay)
