INFLIBNET

National Workshop on

Creation and Management of Digital Collections

10th to 14th February, 2014

Information and Library Network Centre

(An Autonomous Inter-University Centre of UGC)

About INFLIBNET

Information and Library Network (INFLIBNET) is an autonomous Inter-University Centre of the University Grants Commission (UGC). The objectives of the Centre are to modernize libraries and information centres for information transfer and access, to support scholarship, learning and academic pursuit by establishing a national network of libraries and information centres in universities, institutions of higher learning and R & D institutions in India. Creation of national union database (IndCat), development of an integrated library management software (SOUL 2.0), human resource development, on-site training, providing bibliographic information services, extending technical help and guidance from time to time to academic libraries in automation and networking are some of the major activities of the Centre. The Centre provides access to e-resources and Internet connectivity to universities under the UGC-Infonet connectively programme and UGC-Infonet Digital Library Consortium. The Centre also provides access to 3800+ e-journals and 80,000+ e-books to the colleges in India though programme entitled "National Library and Information Services Infrastructure for Scholarly Content (N-LIST)".

Aims and Objectives of the Workshop

This workshop is intended to equip participants with skills for developing and managing their own digital collection. There will be lectures as well as intensive hands-on Training sessions by experts in the field. Thus it will provide both theoretical base and practical skill to the participants.

Objectives : To create awareness in new developments in the field of Library and Information Science like managing information sources in a digital environment, building institutional repository, networking and social media, management of e-resources, latest in development and trends in LIS with glimpse on Library Automation along with hands-on-training.

Areas Covered

The following areas will be covered in the workshop and hands on practical training will be given in these areas:

- ❖ Digitization and Digital Preservation
- ❖ Working with Linux : Basic commands.
- ❖ Institutional Repositories and Digital Libraries

- ❖ Metadata Standards for Digital Collection
- ❖ Digital collection building using DSpace: Installation & Configuration
- ❖ Digital collection building using DSpace:Administration & Customization
