Three Days National Workshop on

Creating and Managing Digital Libraries using EPrints

10th - 12th August, 2016

eprints
repository software

Information and Library Network Centre

(An Autonomous Inter-University Centre of UGC)

About INFLIBNET

Information and Library Network (INFLIBNET) is an autonomous Inter-University Centre of the University Grants Commission (UGC). The objectives of the Centre are to modernize libraries and information centres for information transfer and access, to support scholarship, learning and academic pursuit by establishing a national network of libraries and information centres in universities, institutions of higher learning and R & D institutions in India. Creation of national union database (IndCat), National Repository of Indian Theses and Dissertations (Shodhganga) and Synopses/ Research in progress details (Shodhgangotri), development of an integrated library management software (SOUL 2.0), human resource development, on-site training, providing bibliographic information services, extending technical help and guidance from time to time to academic libraries in automation and networking are some of the major activities of the Centre. The Centre provides access to e-resources to colleges, universities and centrally funded technical institutions under e-Shodh Sindhu. The Centre also provides access to 6500+ e-journals and 97,000+ e-books to the colleges in India though programme entitled "National Library and Information Services Infrastructure for Scholarly Content (N-LIST)", the college component of e-Shodh Sindhu.

About Workshop

EPrints is a robust, modular, open source repository system for the management and dissemination of digital content. It is especially suited for digital libraries and archives, both for access and preservation. It has a worldwide user base that includes cultural heritage organizations, universities, business schools, research institutions, national libraries, and government agencies. In this unique workshop, experts of EPrints will cover the fundamentals, installation and customization of EPrints for those who want to use the platform, and address the issues faced by those who are already running Eprints. At the end of the workshop participants will definitely gain more insights and in-depth knowledge on fundamentals of EPrints, installation and customisation, and how to enhance the visibility of the documents uploaded in EPrints Repository.

Major Topics

The following major topics will be covered in the workshop:

- ☞ Basics of Linux;
- ☞ Creation of IR using EPrints and installation;
- ☞ EPrints advanced configuration;
- ☞ Search parameters and e-mail configuration;
- ☞ Index generation;
- ☞ Custom views and item display;
- ☞ Custom input forms;
- ☞ MySQL data security feature;

- ☞ Metadata Import/Export;

- ☞ Backup and restore;

- ☞ Version up gradation; and

- ☞ Statistics generation and activating EPrints Bazzar.

Resource Persons

Prominent experts from INFLIBNET Centre, working in the Digital Library and Institutional Repository area.

Target Participants
