About The School of Studies In Library & Information Science :

The Department is one of the pioneer departments in the field of Library & Information Science Education in India. It was established in 1957. Padmashri Dr. Siyali Ramanrit Ranganathan served for two years as visiting professor in the department. At present Dr. Sonal Singh is heading the department. The school is involved in imparting quality education in librarianship. The faculty is competent to meet the new challenges of the profession. Presently the department conducts BLIS, MLIS, M.Phil. and Ph. D. Programme.

About INFLIBNET :

University Grants Commission (UGC) Created a Separate Information and Library Network (INFLIBNET) in 1991 with its Headquarter at Gujrat University Campus, Ahmedabad.

Over the Years the programme has progressed steadily and since May 1996 it is an independent autonomous inter-university center under UGC to co-ordinate and implement the nationwide high speed network using state of the art technologies for connecting all the university libraries in the country.

INFLIBNET is aiming at strengthening the sources of information of the Indian University to be updated so that they may compete with the foreign universities.

INFLIBNET is set out to be a major player in promoting scholarly communication among the academicians and researches in India.

About the Soul :

Software for University Libraries (SOUL) is a state-of -the art integrated library management software delsigned and developed by the INFLIBNET center, based on requirements of college and uinversity libraries.

The first version of software ie. SOUL 1.0 was released during CALIBER 2000. The database of the SOUL 1.0 is designed on MS-SQL ans is compatible with MS-SOL server 7.0 or higher. The latest Version of the software is SOUL 2.0 has been released on 29th January 2009.

About the Training Programme :

The training programme is exhaustively devoted -

i) To impart training on the SOUL 2.0 Different modules of the SOUL 2.0 will be presented and demonstrated during "hands on" practice by the INFLIBNET representative.

ii) To implement computerization of operations and services in the libraries and information centers of the country, following a uniform standard.

iii) To encourage co-operation among libraries, documentation centers and information centers in the country, so that the resources can be pooled for the benefit of and for helping the weaker resource centers by stronger ones.

iv) To train and develop human resources in the field of computerized library operation and networking to successfully participate in the establishment and regular operation of INFLIBNET.

v) To provide seamless, reliable and ubiquitous access to scholarly, peer-reviewed electronic resources to the academic community in all educational institutions with a focus on services and tool processes and practices that support its effective use and increase value of information.

vi) To build and strengthen Information communication Technology (ICT) infrastructure in educational institutions with value-added services.

Five Laws of Library Science

- 1. Books are for use**
- 2. Every reader his/her book**
- 3. Every book its reader**
- 4. Save the time of reader**
- 5. Library is a growing organism**

Five Laws of Web

- 1. Web resources are for use**
- 2. Every user his/her web resource**
- 3. Every web resource its user**
- 4. Save the time of the user**
- 5. Web is a growing organism**
