INFLIBNET

About INFLIBNET

The Information and Library Network (INFLIBNET) Centre is an autonomous Inter-University Centre (IUC) of the University Grants Commission (UGC) located in the Infocity, Gandhinagar. Major activities and services of the Centre are geared towards modernization of academic libraries and information centres, promotion of information transfer and access, support scholarship, learning and academic pursuits. The Centre acts as a nodal agency for networking of libraries and information centres in universities, institutions of higher learning and R & D institutions in India. The Centre was established as an independent autonomous Inter-University Centre of the UGC in May 1996 and set out to be a major player for promoting scholarly communication among academicians and researchers across the country.

The technology being a driving force in the contemporary education system, the Centre has taken-up a number of initiatives for the benefit of the academic community in India. These initiatives include i) IndCat, a unified online catalogue of books, theses and journals available in major university libraries in India; ii) SOUL 2.0, state-of-the-art integrated library management software; iii) e-Shodh Sindhu for extending access to selected scholarly electronic journals and databases to eligible universities, centrally-funded technical institutions and colleges in different disciplines; iv) Shodhganga for enabling online submission of doctoral theses and dissertations by research scholars in an open access digital repository; v) Shodhgangotri for facilitating research scholars to submit approved synopsis of research proposals submitted to their universities; vi) Open Journals Access System (OJAS) to facilitate faculty and researchers in Indian universities to launch their open access journals on OJAS platform; vii) InfoPort: INFLIBNET's Subject Gateway for Indian Electronic Resources; viii) e-PG Pathshala, a project assigned to the UGC by NME-ICT, wherein e-content are being developed in 77 subjects at postgraduate level; ix) VIDWAN, a premier database of profiles of scientists and faculty members working in leading academic institutions and other R & D organisations involved in teaching and research in India; x) e-Acharya - an Integrated e-content portal: a web-based portal consisting of all e-content with funding from NME-ICT, MHRD; xi) ICSSR Data Service: Social Science Data Repository for setting up of repository and hosting of NSS and ASI datasets into the data repository; and xii) National Institutional Ranking Framework (NIRF), a project assigned by MHRD for ranking institutions of higher education across the country.

Objectives of the Workshop

Journals are one of the core and important component of any Library. It provides the latest information and developments in titled subjected area. In this Modern era Online Journals are essential from the point of view of its publisher and subscriber.

The objective of this workshop is to provide the hands-on-training to understand and setup an Online Journal System to publish any number of journals online. Online Journal System(OJS) is an robust open source software designed and developed by Public Knowledge Project (PKP) for online publishing of journals. OJS includes all the essential step for publishing an journal including article submission, review, peer-review, editing, publishing and subscription. At the end of training, trainee will be able to setup, start and publish new or old journals online.

Major Topics

- ❖ Pre-requisites Installation for OJS;
- ❖ Installation & Configuration of OJS;
- ❖ Creation of new Journal;
- ❖ Registration & Creation of User in OJS and Role Assignment;
- ❖ Article Submission, Reviewing and Editing;
- ❖ Creating Issues and Publishing the Articles Online; and
- ❖ Journal Subscription and Access Rights.
