About CUSAT

Originally known as University of Cochin, the University came into being in 1971 through an Act of the Legislature of Government of Kerala that was the result of a concentrated campaign for postgraduate education in the State of Kerala. The mission of the university is to make distinctive and eloquent contributions to the cause of higher education in science and technology.

CUSAT has pledged to strive to offer teaching of the highest quality and to engage in research and scholarship that will contribute to the advancement of knowledge. The motto of the university is ‘Tejasvinavadhithamastu’, which conveys, ‘May learning illumine us both, the teacher and the taught’.

About INFLIBNET

INFLIBNET Centre is an autonomous Inter-university Centre of the University Grants Commission. It is involved in creating infrastructure for sharing information among academic and research community of the country. Its major activities include training of LIS professionals, creation of national databases, software development etc. Presently it is involved in two major projects viz. UGC Infonet (interconnecting about 180 universities in a wide area network) and e-journal subscription to universities in consortium mode.
