

Three-days National Workshop on

1st - 3rd November, 2017

e-Content and e-Learning Using MOOCs

M O O C S

Massive Open Online Courses

Information and Library Network Centre

(An Autonomous Inter-University Centre of UGC)

Infocity, Gandhinagar

About INFLIBNET

The Information and Library Network (INFLIBNET) Centre is an autonomous Inter-University Centre of the University Grants Commission (UGC). The objectives of the Centre are to modernize libraries and information centres for information transfer and access, to support scholarship, learning and academic pursuit by establishing a national network of libraries and information centres in universities, institutions of higher learning and R & D institutions in India. Creation of national union database (IndCat), National Repository of Indian Theses and Dissertations (Shodhganga) and Synopses/ Research in progress details (Shodhgangotri), development of an integrated library management software (SOUL 2.0), human resource development, on-site training, providing bibliographic information services, extending technical help and guidance from time to time to academic libraries in automation and networking are some of the major activities of the Centre. The Centre provides access to eresources to Universities, Colleges and Centrally Funded Technical Institutions (CFTIs) in INDIA under eShodhSindhu Programme. Under this e-ShodhSindhu programme, the Centre provides access to 15,000+ ejournals, 31,35,000+ e-books and 16 databases to the registered member institutes in India.

About workshop

Learning through an electronic devices such as computer, smartphone, tablet, over internet or Intranet, is referred as electronic learning (e-learning). With advent of information and communication technology the content is being generated and delivered in electronic form and it is easily accessible to all the stakeholders using different electronic gadgets as well as desktop based application. MOOCs which is one of the sub set of e-Learning have innovated at a dazzling speed in content creation, delivery, feedback, testing and other aspects of the knowledge delivery process. The excitement of MOOCs has been the promise of learning at scale. The INFLIBNET Centre is organising three-day workshop on “e-Content and e-Learning Using MOOCs” during Nov 01-03, 2017 at INFLIBNET Centre, Gandhinagar. The Workshop includes lectures as well as extensive hands-on training which will provide both theoretical and practical exposure to the participants. The Workshop will provide exhaustive information on e-learning, electronic content creation, its hosting using Moodle as LMS and MOOCs. It will enable participant to know about the electronic content generation, content management on MOOCs platforms, etc. The participants will get fair idea about LMS and MOOCs Platform configuration & its customization and course flow activities. Moreover, the workshop will provide extensive hands-on training on installation and configuration of MOOCs Platforms.

Major Topics Covered in the Workshop

Following major topics will be covered in the programme:

- Introduction to e-Learning, Tools & techniques, standard to create e-content;
- e-Content projects in India;
- Introduction to LMS (Moodle)
- Installation and customization of LMS (Moodle)
- Introduction to MOOCs and its platforms;
