The Indian Journal of Animal Reproduction, an official organ of the Indian Society for Study of Animal Reproduction (ISSAR) publishes basic/applied research articles, short communication and clinical articles/case reports in the field of Veterinary Gynaecology, Obstetrics, Andrology, Semenology, Artificial Insemination, Embryo Transfer and other Assisted Reproductive Technologies. It is published biannually i.e. June and December.

**Manuscript:** The manuscripts are accepted on the basis of scientific importance and suitability for publication with the understanding that they have not been published, submitted or accepted for publication elsewhere in any language. The copyright of papers, accepted for publication, rests with the Indian Society for Study of Animal Reproduction.

The official language of journal is English. The articles including illustration should be sent as hard copy in duplicate after a careful check-up for errors to The Editor, Indian Journal of Animal Reproduction, Department of Animal Reproduction, Gynaecology & Obstetrics, Madras Veterinary College, Chennai -600 007. CD and e-mail version of the article can be submitted at the time of revision of the article.

The manuscript should be computer typed on one side of the A-4 bond paper with wide margins and double spacing throughout except in abstracts in Arial font 11 points. Footnote and references should be typed in single spacing in Arial font 10 points. Each page of the manuscript should be numbered including title page, reference, table etc.

The authors are requested to get their manuscripts pre-reviewed at least by two specialist in the field. We would appreciate if the language corrections are also made through language specialist.

Article submitted for publication will be sent to the experts for scrutiny. The article will be accepted after editorial revision based on comments. Article found unsuitable for publication in the Indian Journal of Animal Reproduction will be communicated to the author and no correspondence will be entertained in this regard. The decision of the editorial board shall be final. The responsibility with regard to the data and technical details of the article would be with the authors.

**Hard copy of the article should be accompanied by a non refundable processing fee of ₹ 100 (one hundred only) drawn in favour of the Editor, IJAR, payable at Chennai**

**RESEARCH ARTICLES**

The research articles should not exceed more than Six to Eight typed pages including references, tables and graphs. The manuscript should be organized in the following order.

i) Title with author(s) name(s) and complete address of Institution with Pin code. ii) Abstract iii) Key words iv) Introduction v) Materials and Methods vi) Results and vii) Acknowledgement (if any) Discussion viii) References ix) Tables and figures

Procedure and statistical methods in details to allow other workers to reproduce the protocol. Sub-headings may be used in case necessary.

Results and Discussions: Should be combined to avoid repetition. The experimental data should be presented clearly, concisely with proper statistical analysis. It should be supported with adequate tables or graphs wherever necessary. Discussion should focus the interpretation of experimental findings. Repetition of data in text, already presented in table should be avoided.

Acknowledgement: This should be short. Grants and technical helps provided should be acknowledged.

References: All publications cited in the text should be presented in the form of list arranged alphabetically according to author’s surnames. Do not give serial numbers. Use the following system for arranging the reference. The number of references should be restricted to the barest minimum (maximum of 15)

For periodicals: Surname(s) followed by initials of author(s), year of publication (in parentheses), title of the paper, title of the journal (abbreviated form), Volume No. (bold), colon, first and last page numbers.
For Books: Surname(s) followed by initial of author(s), year of publication (in parentheses), title, edition No., name of editor, if any (in parentheses ed.), name of publisher, place of publication, page numbers.

Tables and Figures: Table(s) should be as few as possible and typed on separate sheets numbered in roman numerical. Each table title should be a brief and self-explanatory.

Tables should be in vertical format

Photographs should be in JPEG format having glossy paper print of good quality. They should be clear and relevant to the subject. Line drawing should be clearly drawn in black water proof ink on smooth paper. Line drawings and photographs should have legends. All the figures and tables should be referred in the text and their approximate place is indicated in the margin. The magnification of the illustrations should be stated wherever applicable. Photos, tables and fig. should be restricted to two each.

Footnotes: They should be used only when absolutely essential. When used, they should be numbered in text, indicated by superscript numbers and kept as short as possible.

SHORT COMMUNICATION

They should be in the same general format as full length papers, but should not exceed a maximum of three to four typed pages including tables and illustrations. The subheadings, except for Abstract, Key word, acknowledgement and references, should not be written in the manuscript. The manuscript under this head should be clearly marked “Short Communication” at the right hand corner, on the top of the first page of manuscript. Photos and tables (Vertical format) should be restricted to one.

CLINICAL ARTICLES/CASE REPORTS

Clinical articles/case reports of interesting and rare nature are published under this heading. The article sent for publication under the head, should not contain more than two/three typed pages including references and illustrations. The manuscript should contain Abstract, Key words, Introduction, history, important clinical observations of the case, diagnosis, line of treatment and references. All these can be given in separate paragraphs sequentially without subheadings except for abstract, key words and references. Photos if any should be restricted to one.

Abbreviations and symbols: Metric system should be followed in the text. Contributor(s) are requested to use the following abbreviations:

Body weight b wt Kilogram kg
International Units IU Centimeter cm
Kilo calories kcal At the rate of @
Count per minute cpm Milligram mg
