29 INFLIBNET in Regional News
The first quarter of the year started on a positive note for the INFLIBNET Centre. It is indeed a matter of great pleasure for me to announce restoration of UGC-Infonet Digital Library Consortium that was earlier dropped by the UGC for XII Plan Period because of paucity of funds. With concerted efforts by the INFLIBNET Centre, universities and the UGC, the UGC-Infonet Digital Library Consortium was not only restored for XII Plan Period but N-LIST project which was earlier funded by the MHRD under its National Mission on Education through Information and Communication Technology (NME-ICT) was also subsumed into the UGC-Infonet Digital Library Consortium as its college component. AS such, NLIST that started as a project of the NME-ICT, graduated to become a regular scheme of the UGC. I am pleased to inform UGC has not only given adequate funds for continuation of UGC-Infonet Digital Library Consortium but sufficient funds have also been allocated to sustain all activities under the N-LIST programme.

With availability of adequate physical, computing and networking infrastructure, the Centre has decided to impart at least two training programmes every month during the year 2014. Calendar for the year 2014 is enclosed for perusal of academic community. I am sure you would all be able to benefit from one or the other training programme listed in the calendar.

During first quarter of the year, the Centre organised six training / awareness programmes and workshops including four programmes at the INFLIBNET Centre, one-day Awareness Programmes on Shodhganga in Mysore University, Mysore and a five-day National Workshop on Creation of Digital Library using Dspace in Pt. Ravishankar Shukla University, Raipur. Brief reports on all the training programmes/workshops are given in this Newsletter.

The activities of content creation continued during this quarter with greater vigour and zeal under e-PG Pathshala project funded by the National Mission on Education through ICT. I am pleased to inform that the Centre was able to complete all modules in the following four papers in Library and Information Science:

i) Digital Library (30 modules; Paper Coordinator: Dr. Jagdish Arora)
ii) Public Library (35 modules; Paper Coordinator: Prof. C P Vashishth)
iii) Social Science Information System (15 modules; Paper Coordinator: Dr. P. R. Goswami)
iv) Scientometrics & Bibliometrics (19 modules; Paper Coordinator, Prof. I. K. Ravichandra Rao)
The Centre plans to complete the work of content creation for all 16 papers in Library and Information Science by August 31, 2014. All content developed under the e-PG-Pathshala Programme are available in open access at epgp.inflibnet.ac.in.

The Centre has started reaching out to its user community through Virtual Classroom using A-View video conferencing software developed by Amrita University. During the period under report, one talk every month is being delivered on various activities and services of the Centre.

Development continued in all projects and services of INFLIBNET Centre. This issue of the Newsletter provides a brief view of current status of various activities and services rendered by the INFLIBNET Centre as on March 31, 2014.

This Newsletter includes an article on “A Case Study on e-SARTS (e-Scholarship-Fellowship Award Registration Tracking System)”, by Mr. Abhishek Kumar, Scientist-C (CS) and Mr. Dharmesh Shah STA-I (CS). The article provides details of a single-window platform for all scholarship/fellowship available to students, scholars and faculty under various schemes of University Grants Commission. The article delves on various features and functionalities of e-SARTS platform, methodology involved, role of INFLIBNET Centre and a brief write-up on each of the 13 scholarships/fellowships that are covered under e-SARTS. The article aims to reach out to eligible students, scholars and faculty who can benefit from these schemes.

(Jagdish Arora)
Training Programme on SOUL 2.0 at the INFLIBNET Centre

The INFLIBNET Centre regularly conducts SOUL 2.0 Training Programmes to impart training on installation and operation of SOUL software for its users. The following two five-day training programmes were organized at the INFLIBNET Centre, Gandhinagar during this quarter. The Programmes were coordinated by Shri H G Hosamani, Scientist C (LS), INFLIBNET Centre. 35 participants attended these three training programmes as per the details given below:

Three Days Advanced Training Programme on Shodhganga was organised at INFLIBNET Centre, Gandhinagar from 29th to 31st January, 2014. Prof. R K Kale, Vice Chancellor, Central University of Gujarat inaugurated the programme with lighting the traditional lamp in the presence of Dr. Jagdish Arora, Director, INFLIBNET Centre and other dignitaries. Prof. Kale, in his inaugural speech, gave a brief history of bioscience especially in molecular biology research. Dr. Jagdish Arora, Director, INFLIBNET Centre, introduced new services and activities of the Centre while delivering Director’s address. Mr. Manoj Kumar K, Scientist-D (CS) coordinated the programme and welcomed the guests and participants. Mr. H G Hosamani, Scientist C (LS) extended warm vote of thanks during the inaugural programme. Training programme was attended by 48 participants including University Coordinators and other Stakeholders.

Technical Session on first day began with presentation of Mr. Manoj Kumar K on Shodhganga and Shodhgangotri wherein he gave an overview of UGC Guidelines, funding and responsibilities of INFLIBNET/university. Dr. T S Kumbar, Librarian, IIT Gandhinagar delivered a lecture on ETDs at International Level. He also highlighted merits of various ETDs at International level and features and functionalities that can be adopted in Shodhganga. On second day of the Workshop, Mr. Yatrik Patel, Scientist-D (CS) delivered a talk on Introduction to DSpace and Building IR and Mr. Swapnil Patel, Scientist B (CS) explained administration of Shodhganga. Mrs. Priti H Sharma, Project Officer (LS) gave a demonstration on Injection interface of Shodhganga and procedure of uploading theses procedure by University Coordinator.

Mr. James Thorley, Director of International Sales (Asia-Pacific, Middle East, Latin America, Africa) gave demonstration on anti-plagiarism software.

Participants of Three-day Advanced Training Programme on Shodhganga with Director and Technical Staff of the INFLIBNET Centre
The demo was arranged considering the fact that Shodhganga project is procuring anti-plagiarism software for 100 eligible universities. Ms. Archita and Mr. Ramiz, Project Officers explained the steps for uploading of theses with assistance in “hands on” practicals by other technical staff.

On last day of the workshop, techniques and practical issues involved in digitization of theses was given by Mr. Munish Bajaj, JIL Information Technology Limited, Noida. Dr. H. Anil Kumar, Librarian, IIM Ahmedabad delivered a lecture on ‘Striving toward National Portal on ETDs’. He critically evaluated Shodhganga for its merits and suggested new features and functionalities to be added to Shodhganga platform. The Programme ended with the valedictory function along with certificate distribution by Dr. Jagdish Arora. Dr Arora complimented the effort of Shodhganga team for successful conduct of the training with a large numbers of participants.

User Awareness Programme on Shodhganga, Mysore University, Mysore, 15th February, 2014

One-day User Awareness Programme on Shodhganga was jointly organized by the INFLIBNET Centre and University of Mysore on 15th February 2014 at Department of Library & Information Science, University Library, Mysore. Dr. Khaiser Nikam, Professor, Department of LIS welcomed the guests and participants. Prof K Chidananda Gowda, Former Vice-Chancellor, Kuvempu University inaugurated the programme. In his inaugural speech, Prof. Chidananda mentioned that India is one of top ten research countries in scientific research. India has grown by 14.3 % & China by 22.8%, per article where as China scored 2.2 citations per article as per data from Elsevier Science. He also emphasized that India’s publications are mostly in chemistry (20%), english (13%), biology & biotechnology (12%), maths & physics (11%), medical (11%) and computer science (11%), but he also cautioned by quoting His Excellence, President of India, Mr. Pranav Mukherjee that “we lag far behind many other countries in research and innovation”. He mentioned that the total number of patent applications filled by India in 2010 was around sixty thousand which was only 0.30 percent of the total applications filed in the world. Mr. Manoj Kumar K., Scientist D (CS), INFLIBNET Centre delivered keynote address and made a presentation on Shodhganga during the awareness programme. Dr. Khaiser Nikam, Professor, Dept of LIS coordinated the programme. Dr C P Ramshesh, University Librarian presided over the function. Dr Adithya Kumari H, Associate Professor, Department of LIS extended a warm vote of thanks. More than 200 participants including faculty members and research scholars attended the programme.

Prof K Chidananda Gowda, Former Vice-Chancellor, Kuvempu University Lighting the Traditional Lamp during Inauguration of the Programme along with Dr C P Ramshesh, University Librarian, Dr Adithya Kumari H, Associate Professor, University of Mysore and Mr. Manoj Kumar K., Scientist D (CS), INFLIBNET Centre
The INFLIBNET Centre organized five-day National Workshop on “Creation and Management of Digital Collection” from 10th to 14th February 2014. The Workshop was inaugurated by Dr. Jagdish Arora, Director, INFLIBNET Centre. This workshop aimed at equipping the participants with skills for developing and managing their own digital collection and for creating awareness in new developments in the field of library and information science like managing information sources in digital environment, building institutional repositories, networking and social media, management of e-resources, with theoretical lectures and hands-on training by experts. 24 library and computer professionals participated in the Workshop.

Mr. Manoj Kumar K, Mr. Ashok Kumar Rai and Mr. Yatrik Patel, Scientists D (CS), Mr. H G Hosamani, Mr. Kannan P. Scientists C (LS), Mr. Divyakant Vaghela and Mr. Swapnil Patel, Scientists B (CS) from INFLIBNET Centre and Dr. T S Kumbhar, Librarian, IIT Gandhinagar served as resource persons for the Workshop. Mr. Gaurav Prakash, Scientist B (CS), Mr. Vijay Shrimali, STA (CS), Mr. Ramiz Malek, Sr. Project Officer (CS), Mr. Kamlesh Vegad and Ms. Seema Chavda, Project Officers (LS) assisted in practical sessions. Dr. Jagdish Arora, Director INFLIBNET Centre presided over the valedictory function and distributed certificates to participants. Mr. Yatrik Patel, Scientist D (CS) and Mr. H G Hosamani, Scientist C (LS) coordinated the Workshop.
The INFLIBNET Centre organized five-day National Workshop on “Creation of Digital Library using D-Space” in collaboration with Pt. Ravishankar Shukla University from 15th to 20th March, 2014. Dr. S Sen Gupta, Librarian, coordinated the programme and welcomed the guest and participants. Prof. Sheo Kumar Pandey, Vice Chancellor inaugurated the programme. This Workshop aimed at equipping the participants with skills for developing and managing their own digital collection and to create awareness in new developments in the field of library and information science like managing information sources in digital environment, building institutional repositories, management of e-resources along with theoretical lectures and hands-on-training by experts. 27 library and computer professionals participated in the workshop.

Dr. S. Sen Gupta, Librarian, Dr. Maya Varma, Professor & Head, Pt. Ravishankar Shukla University, Mr. Kesri Varma, Assistant Professor, NIT Raipur, Dr. Malikaarjun Agadi, Deputy Librarian, Prof J. Shivramma, Asstt. Professor, TISS, Mumbai, Dr. Hemanta K Biswal, NIT Central Library, Rourkela, Mr. Rakesh Kumar Khare, Regional SOUL Coordinator, INFLIBNET Centre were the resource persons.
Workshops on E-Content Development under e-PG Pathshala

Workshop on e-Content Development for Paper on “Public Library” of Library & Information Science, Consortium for Educational Communication, New Delhi, 15th-16th February, 2014

Two-day workshop on E-content Development for the Paper on “Public Library” was organised by INFLIBNET Centre, Gandhinagar at Consortium for Education Communication (CEC), New Delhi from 15th to 16th February, 2014. The Workshop was the part of e-content development activities under e-PG Pathshala Project funded by MHRD under its National Mission on Education through ICT (NME-ICT). The purpose of the Workshop was to evaluate the progress of e-content development for the Paper on “Public Library”, review the modules developed by content writers and record voice narration for their respective modules. 15 participants attended the workshop including, content writers of the modules in “Public Library” and multimedia representatives from the CEC, New Delhi. The Workshop began with an overview by Prof C P Vashishth, Paper Coordinator (Public Library) of e-PG Pathshala project and various modules prepared under the paper on “Public Library”. The Workshop continued with presentation of modules by respective content writers and discussions were held on each module. Voice narration of the individual content writer for the respective module was recorded to incorporate in the power point presentation. Mr. Kannan P, Scientist C (LS) coordinated the Workshop as representative of INFLIBNET Centre with support of Multimedia Team, CEC, New Delhi.

Workshop on e-Content Development for Paper on “Social Science Information System” of Library & Information Science, Consortium for Educational Communication, New Delhi, 1st-2nd March, 2014

Two-day Workshop on E-content Development for Paper on “Social Science Information System” was organised by the INFLIBNET Centre, Gandhinagar at the Consortium for Education Communication (CEC), New Delhi from 1st to 2nd March, 2014. The Workshop was part of e-content development activities of e-PG Pathshala Project funded by MHRD under its National Mission on Education through ICT (NME-ICT). The purpose of the Workshop was to evaluate the progress of e-content development for the paper on “Social Science Information System”, review the modules developed by content writers and record voice narration for their respective modules. Dr Prakriti Ranjan Goswami, Director (Libraries), Ministry of Culture, Govt of India and Paper Coordinator (Social Science Information System), Dr Tariq Ashraf, Librarian, University of Delhi South Campus, Dr P K Bhattacharya, Fellow, Dr Shantanu Ganguly, Fellow, The Energy and Resources Institute (TERI), Dr Arvind K Sharma & Dr Jitendra Shrivastava, Assistant Professors, M L B Govt. College of Excellence, Gwalior and multimedia representatives from CEC, New Delhi participated in the Workshop. Mr Kannan P, Scientist C (LS), INFLIBNET Centre made a presentation on e-PG Pathshala project with an overview of various processes involved in the e-content development activities. The Workshop continued with presentation of modules by respective content writers and discussions were held on each module. Voice narration of the individual content writer was recorded for the respective module to incorporate with power point presentation. Mr Kannan P, Scientist C (LS) coordinated the Workshop as representative of the INFLIBNET Centre with support of Multimedia Team, CEC, New Delhi.
Restoration of UGC-INFONET Digital Library Consortium during XII Plan Period

The INFLIBNET Centre, on behalf of the entire Higher Education community in India, would like to thank to the UGC not only for providing adequate funds for continuation of UGC-INFONET Digital Library Consortium for the XII plan period but also for providing funds for continuation of NLIST project as college component of UGC-INFONET Digital Library Consortium. The UGC-INFONET Digital Library Consortium was discontinued in XII plan period because of paucity of funds. We are pleased to report that all e-resources have been renewed for the year 2014.

National Library and Information Services Infrastructure for Scholarly Content (N-LIST) Graduates from being an NME-ICT-funded Project to a Regular Scheme of the University Grants Commission (UGC)

The project entitled “National Library and Information Services Infrastructure for Scholarly Content (N-LIST)” was being funded by the MHRD under its National Mission on Education through ICT (NME-ICT) during XI Plan Period for the Financial Years 2009-10 to 2011-2012. However, the funds could not allocated to the project during the Financial Year 2012-2013 since NME-ICT Mission document did not provide for continuation of this initiative beyond pilot period. Considering the fact that the project has done exceedingly well during the pilot period, the UGC on requested of MHRD, agreed to subsume N-LIST into the UGC-INFONET Digital Library Consortium as its college component. The UGC has allocated additional funding of Rs. 20.00 crores to the UGC-INFONET Digital Library Consortium for continuation of N-LIST in the Financial Year 2013-2014.

The project, formally launched by Hon’ble Union Minister of HRD Shri Kapil Sibal on 4th May 2010, provides access to more than 6,000 e-journals and 97,333 e-books to all degree colleges except colleges imparting education in engineering, management, medical, nursing, pharmacy and dentistry. As on 31st March, 2014, 3,566 colleges have registered themselves for the N-LIST programme including 3,252 eligible colleges. Log-in IDs and passwords have been issued to more than 5,66,491 individual users including faculty, students and researchers from the member colleges across the country. Registered users can access e-resources through proxy server installed at the INFLIBNET Centre. The project has since been honoured with three awards in the years 2010 and 2011, namely i) Jury Choice Award e-INDIA 2010; ii) The Manthan South Asia Award 2010 in Digital Learning Category for the year 2010; and iii) Skoch Digital Inclusion Award for Technology in Education for the year 2011.
Access to Plagiarism Detection Platforms to 90 Universities under Shodhgang

The Centre has started providing access to plagiarism detection platforms, namely; “Turnitin” and “iThenticate” to 90 eligible universities that are signatory of MoU on Shodhgang with INFLIBNET Centre. The access to plagiarism detection platform commenced in March 2014 on trial basis for a month and would continue for a period of one year. Both platforms, namely “Turnitin” and “iThenticate” would be available to all the 90 universities for one complete year. Based on the usage and feedback from the user community, one of the platform would be made available to all universities on continuing basis during the XII Plan period.

It may be noted that eligible universities that are signatory to MoU on Shodhgang with INFLIBNET Centre, are given the following three incentives by the UGC:

i) Funds for digitization of back list of theses for last 5 years

ii) Funds for setting-up of ETD Lab

iii) Access to plagiarism detection platform

INFLIBNET Virtual Classroom

INFLIBNET Centre has started a new initiative for providing training to the students and library professionals using A-View Classroom software. The Centre has conducted following lectures and received good response from participants during this quarter:

- “SOUL 2.0 - Catalogue and OPAC Modules”, by Mr. Dinesh Ranjan Pradhan, Scientist – B (LS) on 22nd January 2014.

- “IndCat: Union Catalogue of Indian Universities”, by Mr. Abhishek Kumar, Scientist – C (CS) on 7th March 2014.

All lectures were highly interactive and were appreciated by the participants.

Lecture proposed in next quarter are as follows:

<table>

Current Status of Activities & Services of the INFLIBNET Centre

The Current status of various activities are services rendered by in INFLIBNET Centre are as follow:

**IndCat: Union Catalogue of Indian Universities:** IndCat is a unified online catalogue of books, theses and journals available in major university libraries in India. The union database contains bibliographic description, location and holdings information for books (1,28,04,667 records from 157 institutions), unique journals titles (33,660 records from 213 institutions), theses (2,64,636 records from 354 institutions) in all subject areas.

**Soul 2.0: Integrated Library Management System:** The SOUL 2.0 is state-of-the-art integrated library management software designed and developed by the INFLIBNET Centre. The software has 2,834 installations across the country.

**UGC-Infonet Digital Library Consortium:** The UGC-INFONET Digital Library Consortium provides current as well as archival access to more than 8,500+ core and peer-reviewed electronic journals and eleven bibliographic databases from 28 publishers including university presses, scholarly societies, commercial publishers and aggregators in different disciplines. 418 Universities including 214 core member universities and 204 associate members are being provided differential access to subscribed e-resources.

**N-LIST:** The N-LIST programmes, now college component of the UGC-INFONET Digital Library Consortium, provides access to 6,000+ e-journals and 97,333 e-books to Govt.-aided and non-aided colleges. 3,252 eligible colleges are getting access to subscribed resources. Log-in IDs and passwords have been issued to more than 5,66,491 authorized users from the eligible colleges.

**Shodhganga:** Shodhganga is a repository of Indian Electronic Theses and Dissertations developed and managed by the INFLIBNET Centre. 163 universities have signed MoU with the INFLIBNET Centre and numbers of theses in the repository have grown to more than 15,000.

**ShodhGangotri:** Shodhgangotri hosts synopsis of approved research proposals submitted to the universities in India by research scholars for registering themselves for the Ph.D programme. Total number of synopsis submitted into the repository has grown to 1,720.
Open Journal Access System (OJAS): The initiative encourages faculty in universities to start their own journals in open access using the platform offered by the INFLIBNET Centre. Currently, Open Journal Access System @ INFLIBNET hosts fourteen journals.

IR@INFLIBNET: The Centre has established an institutional repository called IR@INFLIBNET using DSpace. The repository has 1,325 full-text articles published in conference proceedings of PLANNER, CALIBER and other conferences organised by the Centre.

InfoPort: A Subject Gateway to Indian Scholarly Internet Resources: InfoPort is a Subject Gateway to Indian Electronic Resources designed and developed by the INFLIBNET Centre to serve as a comprehensive gateway to all Indian scholarly content. The interface is populated with more than 1,735 e-resources.

e-PG Pathshala: Content Creation at Post-graduate Level: The MHRD, under its National Mission on Education through ICT (NME-ICT), has assigned work to the UGC for development of e-content in 77 subjects at postgraduate level. A Learning Management System (LMS) has been set-up at the INFLIBNET Centre on a dedicated server that is available in open access at http://epgp.inflibnet.ac.in/. Currently 73 subjects have been identified for the development of e-content and 567 modules of different subjects have been uploaded on the LMS.

VIDWAN: Expert Database: VIDWAN is a premier database of profiles of scientists / researchers and other faculty members working at leading academic institutions and other R & D organisations involved in teaching and research in India. The database contains 12,225 profiles of experts from 900 leading academic institutions, R&D organisations including IIT, CSIR, DRDO, etc.
The INFLIBNET Centre celebrated 67th Republic Day on Sunday, 26th January 2014 at INFLIBNET Centre, Infocity, Gandhinagar. The National Flag was hoisted by Mr Manoj Kumar K., Scientist D (CS), INFLIBNET Centre. Mr Manoj Kumar addressed the staff members and their families about the activities of the Centre. A number of games were organized for staff and their children during the event and prizes were distributed to the winners of the games.

Scholarship/Fellowship

A scholarship is generally an amount paid or allowed to a student in an educational institution for the purpose of study. A fellowship is generally an amount paid to an individual for the purpose of research. Most fellowships are not based on need. They are usually based on skill, GPA, and qualifications to work in a given field.

Fellowships can also be called scholarships, but the term fellowship is more frequently associated with funding provided for postgraduate studies or research, whereas the word scholarship is applied commonly at the undergraduate level. Unlike scholarships, fellowships rarely take into account the financial need or economic background of an applicant and instead focus more strictly on academic merit.

About e-SARTS

e-SARTS is a single window online platform for all scholarships and fellowships offered by the UGC to students and research community in India. With implementation of e-SARTS the UGC has taken a very bold step and great leap towards e-governance for the benefit of students, scholars and faculties.

Assignment for designing and developing a system for different UGC schemes including scholarships/fellowships/research-awards and major/minor projects were given to INFLIBNET Centre. The INFLIBNET Centre developed a platform named e-SARTS where students, scholars and professionals can register them self for respective schemes. Besides platform, also provides features of admin login to UGC for manipulating and managing the applications received. The INFLIBNET Centre developed the process as per waterfall model of software development life cycle. The Centre acquired the requisite information for development of interface from the UGC. After testing beta version of interface, Centre has hosted the interface at BSNL/INFLIBNET data-centre for providing access to the user community.
Methodology

e-SARTS is a web-based user-friendly Graphical User Interface (GUI) for registration tracking that facilitates applicants to apply online and track status of their application. The interface provides all necessary information for individual schemes including about schemes, eligibility, amount of scholarship/fellowship, link for registration, result, download award letter, current status of the application, etc. The process of execution of a scheme is as follow:

1. **Registration of the Candidates:** The students are required to apply online through the interface. The interface captures personal details, qualifications, publications and research information of the candidates.

   ![Online Registration Page](e-SARTS: Home Page (http://www.ugc.ac.in/ugc_schemes))
II. **Filteration of the Applications**: The Centre receives few thousand applications for every scheme from across the country. Some candidates apply more than once and some apply with dummy data. The INFLIBNET Centre scrutinize all applications and categorize them into four categories, namely

i) verified applications (application filled properly in all respect as per guidelines);
ii) invalid applications (dummy or fake information given by the candidates);
iii) duplicate applications (application filled more than one times); and
iv) applications on hold (applications that need for decision-making from UGC).

III. **Submission to the UGC Committee**: After filteration of applications, list of candidates is sent to the UGC. The UGC convene meetings of expert committee who take the final decision on selection of candidates based on parameters listed in the guidelines of a given scheme.

IV. **Result / Award Letter**: List of candidates short-listed/selected by the Committee is upload on e-SARTS platform. Selected candidates can download their award letters.

V. **Payment Details**: Details of amount of scholarship/fellowship for selected candidates goes directly to bank along with instructions for releasing of installments. e-SARTS provide a login zone for bank personal who can view details of candidate, amount payable, documentation required, etc.

**Major Schemes**

Major schemes available under e-SARTS are as follows:

◆ **Maulana Azad National Fellowship for Minority Students**: The objective of the Fellowship is to provide integrated five year fellowships in the form of financial assistance to students from minority communities, as notified by the Central Government to pursue higher studies such as M. Phil and Ph.D. The fellowship under Maulana Azad National Fellowship for minority students is on the pattern of UGC Fellowships awarded to research students pursuing regular and full-time M. Phil and PhD courses. The fellowship holders under this Fellowship will be known as Ministry of Minority Affairs scholars. For more information please visit [www.ugc.ac.in/manf/](http://www.ugc.ac.in/manf/).
Statistics of MANF

Rajiv Gandhi National Fellowship for SC/ST Candidate: The Rajiv Gandhi National Fellowship (RGNF) Scheme for Scheduled Caste and Scheduled Tribes is formulated and funded by Ministry of Social Justice & Empowerment and Ministry of Tribal Affairs. The scheme is open to candidates who belong to Scheduled Caste & Scheduled Tribe and wish to pursue higher studies such as regular and full-time M.Phil. And Ph.D. degrees in Sciences, Humanities, Social Sciences and Engineering & Technology. For more information please visit www.ugc.ac.in/rgnf/

Total Allotted Slots
There are 2000 slots for Scheduled Caste and 667 slots for Scheduled Tribe candidates every year for all the subjects.

Amount of Fellowship
Rs.16, 000/- p.m. for initial two years (JRF)
Rs.18, 000/- p.m. for remaining tenure (SRF)

Total Allotted
There are 756 slots every year for all the subjects. 3% fellowships are reserved for Physically Handicapped candidates belonging to Minority Candidates.

Amount of Fellowship
Rs.16, 000/- p.m. for initial two years (JRF)
Rs.18, 000/- p.m. for remaining tenure (SRF)

Statistics of RGNF
Post-Graduate Indira Gandhi Scholarship for Single Girl Child: It is observed that number of girls as against boys in certain states is declining which is a matter of great concern. The females are even forced to give birth to male child. In such circumstances education of women needs to be used and effective means for their empowerment and education will prepare them to have a control over their lives. Post-Graduate Indira Gandhi Scholarship for Single Girl Child is launched with the purpose of supporting post-graduate education through scholarships to such girls who happen to be the only child or girl who are twin daughters/ fraternal daughter in the family. For more information please visit www.ugc.ac.in/sgc/

**Statistics of RGNF Disabilities**

◆ **Major Research Project:** The University Grants Commission strives to promote teaching and research in emerging areas of Humanities, Social Sciences, Languages, Literature, Pure Sciences, Engineering & Technology, Pharmacy, Medical, and Agricultural Sciences, etc. The emphasis is to support such areas that cut across disciplines and subjects such as health, gerontology, environment, biotechnology, nanotechnology, stress management, WTO and its impact on economy, history of science, Asian philosophy and many other areas as would be identified by subject experts. There are disciplines such as defence and strategic studies which include national security affairs, insurance and banking, economics and world trade which in a true sense are multidisciplinary in nature, cutting across disciplines of sciences, humanities and social sciences, and are of importance in a rapidly changing global scenario. - Meeting of the Negotiation and Resource Selection Committee of the ICSSR Consortium held on 31st January, 2014 and 17th February, 2014, ICSSR, New Delhi
- First and Second Meeting of the Technical Executive Committee (TEC) of the scheme on Access to Knowledge for Technology Development and Dissemination (A2K+) held on 5th February, 2014 and 18th February, 2014, DSIR, New Delhi
- e-PG-Pathshala Special Meeting of the PIs with Chairman, National Steering Committee held on 28th February, 2014, UGC, New Delhi;
- First Meeting of the National Advisory Committee of the MHRD-funded Library Consortia Initiatives held on 14th March, 2014, MHRD, New Delhi; and
- Meeting of the Project Approval Board of NME-ICT held on 19th March, 2014, New Delhi

Dr. Jagdish Arora delivered the following two lectures during this quarter:

- “IPR Issues in Digital Environment”, in the “National Workshop on Importance and Use of Copyrights, Patent, and Citation and Impact Factor in Research”, 25th January, 2014, Lingaya’s University, Faridabad, Haryana; and

Mr. Ashok Kumar Rai, Scientist D (CS)

Mr. Ashok Kumar Rai attended a meeting to formulate the guidelines and modalities for establishing e-network at ICSSR New Delhi held on 17th January, 2014. He attended a meeting of Student entitlement/ Grievance portal at UGC New Delhi on 20th January, 2014. He also attended a meeting of the Committee for Selection of New Agency for running anti-ragging helpline on 27th February, 2014 at UGC New Delhi.

Mr. Yatrik Patel, Scientist D (CS)

Mr. Yatrik Patel, Scientist D (CS) was invited as a speaker to the conference on “Digital Library using Dspace” organised by Gujarat National Law University, Gandhinagar held on 21st March 2014. Mr. Yatrik made a paper presentation on “Institutional Repositories: A Primer” (Pre-print of this paper can be viewed at http://ir.inflibnet.ac.in/handle/1944/1748).
Mr. H G Hosamani, Scientist C (CS)

Mr. H G Hosamani was invited to deliver a lecture on Catalogue and Circulation modules of KOHA during National Workshop cum Training Programme on KOHA organized by University Library, University of Agricultural Sciences, Bangalore on 3rd & 4th January, 2014.

Mr. Abhishek Kumar, Scientist C (CS)

Mr. Abhishek Kumar was invited as an expert for delivering lectures on INFLIBNET activities & services and e-content development at Academic Staff College, Indore. He also delivered a lecture on INFLIBNET activities & services at Devi Ahilya Vishwavidyalaya, Indore on 13th January 2014. A detailed technical presentation on e-PG Pathshala was given by him during one-day Workshop under e-PG Pathshala Project for the subject ‘philosophy’ at Hyderabad University, Hyderabad on 22nd February, 2014. He also delivered a lecture on e-PG Pathshala to 65 participants of Academic Staff College, University of Hyderabad through video conferencing from INFLIBNET Centre by using A-view platform on 10th March, 2014.

Visits by SOUL Team

Mr. Yatrik Patel, Scientist-D (CS), Mr. H. G. Hosamani, Scientist-C (LS) and Mr. Divyakant Vaghela, Scientist-B (CS) visited Banaras Hindu University, Varanasi, Rajiv Gandhi Institute of Petroleum Technology (RGIPT), Rae Bareli and University of Lucknow, Lucknow during 25th-29th March 2014. The Team visited BHU library to discuss the issues related to Serial Control and operational problems of different modules, Webopac and customisation of SOUL 2.0. Training as also imparted to technical staff members during 25th to 27th March 2014. The Team also visited RGIPT Library to discuss the operational problems, member database creation, imparting training for all modules of SOUL 2.0 software and had meeting with Library Committee to discuss IT infrastructure, subscription of e-resource through UGC-Infonet Digital Library Consortium and other INFLIBNET services on 28th March, 2014. They also visited University of Lucknow library to discuss SOUL 2.0 operational issues related to retro conversion, Webopac and customization on 29th March, 2014.
Mr. Dinesh Ranjan Pradhan, Scientist - B (LS)

Mr. Dinesh Ranjan Pradhan has joined the Centre as Scientist - B (LS) in January 2014. Prior to his current assignment, he was working as Scientific Technical Officer - I (LS) at INFLIBNET Centre. He has completed B. Sc. in Chemistry and MLISc from Utkal University, Orissa. He is involved in the E-consortium management related activities and maintenance of serial database of Indcat. His areas of interest are e-resource management, library automation and open source software in the field of library science.

Mr. Miteshkumar Pandya, Scientist - B (LS)

Mr. Miteshkumar Pandya has joined the Centre as Scientist - B (LS) in February 2014. Prior to joining the Centre, he was working with Indira Gandhi Institute of Development Research, Mumbai as Library Assistant from January 2010 to February 2014. He has also worked as a project staff in this Centre during 2009-10. He did his B.Com from Gujarat University and MLISc from Gujarat Vidyapith, Ahmedabad. He is involved with book/thesis Database Management R & D Group. His areas of interests are Data Migration from CCF to MARC21, Excel to CCF, Excel to MARC21, CCF to MARCXML, MARC21 to MARCXML, Library automation, digital library, etc.

Mrs. Roma Asnani, Scientific & Technical Assistant- I (LS)

Mrs. Roma Asnani has joined the Centre as Scientific & Technical Assistant- I (LS) in January 2014. Prior to her current assignment, she was working with the INFLIBNET Centre as Project Officer (LS) since 2010. She did her Master of Library & Information Science and Bachelor of Business Administration from Gujarat University, Ahmedabad.
